PROFESSIONAL SUMMARY

A highly skilled and top-rated Data Scientist with over 2 years of experience delivering high-quality machine learning solutions, data aggregation, and AI/ML projects. Recognized for a strong track record of successful projects, consistently earning 5-star ratings and commendations from clients. Proficient in AI/ML, deep learning, chatbot development, and AI agent frameworks like CrewAI. Seeking a full-time position where I can leverage my expertise to drive impactful results in a dynamic environment.

KEY SKILLS

- **Machine Learning:** KNN, CNN, Time Series Clustering, Supervised & Unsupervised Learning
- **Deep Learning:** Neural Networks, Model Fine-Tuning
- **AI/ML Implementation:** AI Chatbot Development, LLM Integration, AI Agents (CrewAI)
- **Data Science:** Data Analysis, Data Visualization, Data Cleaning, Web Scraping
- **Programming:** Python, SQL
- **Tools & Libraries:** Pandas, NumPy, Matplotlib, TensorFlow, PyTorch, Scikit-learn, CrewAI
- **Other Skills:** Data Aggregation, Database Management, Exploratory Data Analysis (EDA)

PROFESSIONAL EXPERIENCE

- **Freelance Data Scientist — Upwork** 2023 - Present
 - **Chatbot Development using LLMs:** Built AI chatbots for customer service and automation, leveraging OpenAI and LangChain.
 - **AI Agents using CrewAI:** Implemented AI-driven agents for automation in various business workflows.
 - **Speech Recognition App:** Designed an AI-based speech recognition tool to understand specific industry jargon.
 - **AI-driven PDF Processing:** Developed AI models for extracting and analyzing data from PDF files.
 - **JPEG Compression Algorithm:** Created a custom JPEG compression algorithm for optimized image storage.
